Dear Mr. Niekerk,

Subject: Letter of Recognition: Namib Mills' Namib Biogas Project

I acknowledge with appreciation receipt of your letter dated 30 June 2020, on the above subject matter.

The Ministry of Environment, Forestry and Tourism wishes to register its full support to the proposed partnership and further endorses the use of the Ministry's logo on the web page of the project as a partner.

The proposed biogas project to convert solid chicken manure to biogas-energy is fully in line with Cabinet endorsed Policy on Climate Change (2011) and its accompanying National Climate Change Strategy and Action Plan (2013-2020) as well as the 2015 Nationally Determined Contributions (NDCs), which set out a target to increase the share of renewable energy up to 70% by 2030.

The Ministry of Environment, Forestry and Tourism therefore wishes to reiterate its full support to the Namib Biogas Project.

Please accept, Mr. Niekerk, the assurances of my highest consideration and rest assured of our support in this project.
